

Circular for Class X & XII

Dear parents

17/01/2021

Greetings from Red Roses Public School!

On behalf of Management and staff, I whole heartedly wish each one of you a VERY HAPPY NEW YEAR. I thank you once again for continuous support specially in the arduous pandemic-stricken year 2020. My prayers for the well-being of each one of you.

For past 10 months, my team of teachers along with you, have ensured effective online Teaching-Learning program. The CBSE has already announced dates for the Board Examination 2021. We now need to focus on the academic proficiency of each student, which will be truly possible ONLY through OFFLINE classes. The conduct of Practicals scheduled from March 1, 2021, is possible when students perform the same in the school's laboratory in the next few weeks under the guidance of their respected teachers. Teachers and students are looking forward to the 'one -to-one interaction' to resolve various queries. Also, CBSE has modified the design of question paper by introducing the Objective type & Source based questions, HOTS, Analytical & Application based questions from the session 2020-21. Students have to be guided accordingly and given sufficient practice to answer all these type of questions in the Board Examinations. We are going to carry out all Internal Assessments during this time and proper record will be maintained to be submitted to CBSE.

Thus, it is imperative that schools must open to derive motivation and mentorship during physical classroom sessions.

We are happy to announce the recent declaration by CBSE, the Board Exam'2021 are scheduled to be held on 4th May'21 till 10th June'21 and notified reopening of schools for classes X and XII from 18th Jan'21.

We are going to strictly follow guidelines issued by health officials and government agencies. We appreciate the importance of trust you have reposed in us which we fulfilled for last 41 years of schools' inception.

Preboards as announced-

Date and time of reopening of school

Class XII- 20th March to 10th April'21
