

CBSE SCHOOL SPORTS TOURNAMENTS (2023-2024)**CIRCULAR**

Students should not be confined only to books alone during their educational journey; they require a lifestyle conducive to their overall development. Apart from the physical, cognitive, and social benefits, engaging in sports and games has a crucial and profound impact on their psychological well-being. Sports help release endorphins, resulting in less stress and anxiety. Keeping this in mind, CBSE organizes Cluster, Zone and National level tournaments every year. This year also CBSE is organizing this tournament.

As customary practice, this year as well our Red Roses Public School is participating in the following Zonal-Level sport competitions.

S. no	Sport/game	Level	Name of the school conducting the games	Event Dates
